CALIBER MINING AND LOGISTICS LIMITED · PULSE-II · REPORTS

Fleet Capacity

Operating manual

For site in-charges, MIS staff and reviewers · Matches the system as of 9 November 2026

1. What this report shows

Fleet population by make and model, with daily capacity by location.

> **One row.** One make and model from Capacity Master.

2. Open the report and choose what to see

In the left menu open **Reports** → **Fleet Capacity**. Then set the selectors described below.

Selector or button	What it does
Search this report	Find a model or equipment group.

3. What is on the screen

On the screen	What it shows
Location columns	Show the locations available to your login.
Total	Adds the counts across the displayed locations.

4. The columns

Column	Meaning
Location	Population × Daily Capacity (cu.m)

5. Keep in mind

- Counts come from current Equipment Master assignments.

6. Download, print and search

- Tables on this page have a **Generate** button: **Download as PDF**, **Download as Excel** or **Smart Print**. The file contains the whole table, not only the rows visible on screen.
- Type in **Search this report** to find a door number, driver or card inside a table.
- Press a column heading to sort by that column.
- If the page looks old after an update, press **Ctrl + F5** once.

7. Review checklist

Step	Do this
1	Verify the location and count against Equipment Master.

> **This manual shows how to read and verify the report.** What action to take on its findings is as instructed by management.

8. Common questions

Question	Answer
What does a zero mean?	No matching equipment is assigned to that location. In Fleet Capacity, a zero daily rate also gives zero volume.
